Date: 02 Jan 2018

To
3D Engineering,
Pune.

Sub:- *Letter of appreciation*

This letter is being issued to appreciate the efforts of the technical team members of 3D Engineering in supporting our installations / implementation of Siemens PLM Software.

We invested in the NXSolution from Siemens, through their authorized partners 3D Engineering. We are extremely happy with the technical support provided by the team at 3D Engineering. Our design / R&D team has benefitted initially by the basic and advanced training provided to us.

The key benefit derived by us by us through the 3D Engineering team is good solution to design team and training to user. In the due course of usage, 3D Engineering team was always a phone call away and our queries have been addressed reasonably.

We are extremely satisfied with the investment in NX and shall always recommend 3D Engineering as the preferred support / implementation partner to manufacturing companies

For Automotive Stampings & Assemblies Ltd.
