Letter of appreciation

To

3D Engineering - Pune

This letter is being issued to appreciate the efforts of the technical team members of 3D Engineering in supporting UG NX training (Basic and Advance) and Onsite support.

We invested in the UG NX CAD Solution from Siemens, through their authorized partners 3D Engineering in the year 2017-18. We are extremely happy with the technical support provided by the team at 3D Engineering. Our design has benefitted by the basic and advanced training provided to us.

The key benefit derived by us through the 3D Engineering team **is upgrading in NX, improving CAD skills, Problem fixing, KRX Library creation.**

In the due course of usage, 3D Engineering team was always a phone call away and our queries have been addressed reasonably.

We are satisfied with the investment in 3D Engineers and shall always recommend 3D Engineering as the preferred support.

Regards,

Harish Satwani
