## Letter of Appreciation

To

**Sachin Chitanand**  
**3D Engineering Automation LLP**  
**Aurangabad**

**Subject :- Letter of Appreciation**

Dear Sir,

This letter is being issued to appreciate the efforts of **3D Engineering** in supporting our installations of Siemens PLM Software – Solid Edge.

We invested in the **Solid Edge CAD Solutions** from Siemens, through their authorized partners **3D Engineering** in the year 2016. We are extremely happy with the technical support provided by the team at 3D Engineering. Our design / R&D team has benefitted initially by the basic and advanced training provided to us.

The key benefit derived by us through the 3D Engineering team is - **Implemented virtually error-free design process, Reduced order lead times, Fewer design errors and less rework, More accurate cost estimates and resolution of user issues quickly.**

In the due course of usage, 3D Engineering team was always a phone call away and our queries have been addressed reasonably.

We are extremely satisfied with the investment in NX Software and prefer 3D Engineering as our support partner.

Regards,

Sanjay Wategaonkar.
